Title and Location:

Anderson Island Cable Replacement
Anderson Island, WA

Customer/Project Owner:

Tanner Electric Cooperative
45710 SE North Bend Way
North Bend, WA 98045
(253) 884-6297
Attn: Steve Walter-GM

Role of Harbor Offshore, Inc.:

Prime Contractor; marine construction.

All (100%) marine construction portion of the project performed by Harbor Offshore, Inc.

Date started:

October 2010

Date completed:

November 2010

General scope of the project:

In summary, this project consisted of providing the services and equipment necessary to install approximately 13,000 feet of marine cable between Luhr Beach and a point on the South end of Anderson Island, WA in accordance with applicable permits and technical requirements furnished by the owner and its engineer.

The nature of the work that was performed:

Harbor Offshore, Inc. managed and coordinated all aspects of this project; coordination of horizontal drilling operations, vault installation and final testing of submarine cable. HOI utilized its specialized cable lay installation equipment, barges, ROV's and dive support vessels to lay the cable within its prescribed corridor.
